Project Name: Rutland Railyard Relocation

Distribution: See attached list

The Vermont Agency of Transportation and the Rutland Redevelopment Authority has submitted an Environmental Assessment (EA) to the Federal Highway Administration (FHWA) for the Rutland Railyard Relocation project. The proposed project would relocate the railyard south of its existing location, and would increase the capacity and operational efficiency of the yard.

The EA was previously sent for your review and comment. This letter is to inform you comments must be received by the extended date of Friday, January 29, 2010.

Thank you for your interest in the proposed project. We look forward to your comments.

Please send comments by January 29, 2010 to:
