

MANUFACTURED TERMINAL SECTION REPAIR

**From Hartford-Sharon AC IM 089-1(57)/Sharon-Royalton AC IM 089-1(58)

- xx. DESCRIPTION. This work shall consist of furnishing and installing new manufactured terminal section components and adjusting components as shown in the Plans and as directed by the Engineer.

The work under this Section shall be performed in accordance with these provisions, the Plans, and Section 621 of the Standard Specifications.

- xx. MATERIALS. Replacement posts shall meet the requirements of Subsections 621.02 and 728.06 and be provided in accordance with the recommendations of the manufacturer of the terminal section.

- xx. GENERAL REQUIREMENTS. Prior to beginning the work, the Contractor shall verify with the Engineer the manufactured terminal section components to be replaced or adjusted. Those components that are designated for replacement or adjustment shall be marked in such a manner that they can properly identified prior to beginning work.

The work to replace or adjust designated components shall be in accordance with the recommendations of the manufacturer of the terminal section.

- xx. METHOD OF MEASUREMENT. The quantity of Special Provision (Replace Manufactured Terminal Section Wood Post) to be measured for payment will be the number of posts replaced in the complete and accepted work.

The quantity of Special Provision (Tighten Manufactured Terminal Section Anchor Cable) to be measured for payment will be the number of cables tightened in the complete and accepted work.

- xx. BASIS OF PAYMENT. The accepted quantity of Special Provision (Replace Manufactured Terminal Section Wood Post) will be paid for at the Contract unit price for each. Payment will be full compensation for removing and disposing of the damaged component; for furnishing, transporting, handling, and installing the replacement component; and for furnishing all labor, tools, equipment, and incidentals necessary to complete the work.

The accepted quantity of Special Provision (Tighten Manufactured Terminal Section Anchor Cable) will be paid for at the Contract unit price for each. Payment will be full compensation for tightening the cable and for furnishing all labor, tools, equipment, and incidentals necessary to complete the work.

Payment will be made under:

<u>Pay Item</u>	<u>Pay Unit</u>
900.620 Special Provision (Replace Manufactured Terminal Section Wood Post)	Each
900.620 Special Provision (Tighten Manufactured Terminal Section Anchor Cable)	Each
